HOW AN INNOCENT OUTSIDER HELPED THE BOSTONS TO WIN A GAME.

The St. Louis "Deal"-Justice to Washington-The Gaudaur-Beach Race Horse Races-Entries and Weights-Other Interesting Items.

About 2,000 people witnessed the first game of the series between the Nationals and the Boston Club yesterday and were well repaid for their attendance. It was a model game. The greatest right-handed and the greatest left-handed pitchers were pitted against each other, and the "wizard" came out ahead, as the hits made off his were very few and scattering, while Radbourne was hit very freely. Until the sixth inning the game was almost perfect, but at that period Houck had to retire on account of a lame foot and Force took his place. In the seventh, however, the home team "went to pieces," and he are not perfect, and a passed ball the vicitors succeeded in securing three unearned runs, thus placing them two scores in the lead. In the ninth inning Hines led off with a single, and accred on Crane's three bagger to extreme right field, which would have been good for a home run had the crowd been kept back by the police. Instead of this one of the spectators assisted Poorman in fielding the ball, and when Crane was touched at the home plate he was declared out by the umpire. The man who threw the ball acknowledged that he did so, but, alas! too late: the game was closed and the home team had to suffer another defeat. This result was not attributable to fault on the part of the umpire, but was due to leniency of the authorities in allowing the people to congregate in the field before the game was finished. This is due to lenisney of the authorities in allowing the people to congregate in the field before the game was finished. This is the second time this season the Nationals have suffered defeat on account of similar neglect on the part of the police. Knowles's playing at third was the finest seen here this year, while the work of Shaw and Gilligan was great. The batting of Farral and Crane for the home team, and that of Johnson for the visitors, was very fine. Houck's playing and batting wer calso good, and the club suffered a serious loss when he was compelled to leave the field. Baker's playing at first hase was first class. He stopped many difficult balls. Following is the score:

THILDELIPHIA, Aug. 19.—Philadelphia had an easy time to-day in walloping New York. He advanced to third services of fumble of Irwin's hit and home on the same gontleman's like error on Farrar's easy grounder. Bastian's two begger to right sent Irwin home and put Farrar on third. After announcing the departure for Washington, Wednesday night, of Mr. Gaffney, the Philadelphia Press yesterday announced that "It is stated on good authority that Umpire faffney will manage the Washingtons during the rest of the season. If he does accept the terms offered by the Washington people; the latter will secure a very valuable man and the League, by its miserty principle, loss one of the best umpires it ever had."

A special dipatch from St. Louis, giving what purports to be an interview with President Lucas, of the League Base Ball Club, of that city, represents him as saying in regard to the sale of his franchise. "I can't tail yet what will be done with the players by Espenscheid and Coquard. Boston wants to buy some of them, Chicago wants some of them, and Washington wants most of them. Hewitt bought nothing from me. I presume the Marcons will return to St. Louis Friday, but lean't say whether they will alsy or not. The recent good ball playing by the Washingtons attracted over 2,000 people to Capitol Park to day to witness the last game of the series with the New York Club, and they were treated to another fine exhibition, which darkness ended after the Washingtons had played the first half of the eighth inning. Keefe, the "pony" pitcher of the home club, was in the box, and his fine work was it, much for the Gottamites, who made only fo. " scattering hits. He was somewhat wild, he rever, and the last two runs scored by the visitors were the result of bases on balls and wild pitches.

Many pitchers and catchers complain of overwork if worked in two or more successive games. They should take into consideration that a game lasts only about two hours, and that such players as Radbourne, Clarkson, bushong, Flint, Gilligan, and others have played in more than twenty consecutive contests without lajury or complain.

PROFESSIONAL HORSE THIEF.

PROFESSIONAL HORSE THIEF. Caught by Detective McDevitt and the

Property Recovered. Last Monday a well-dressed man giving the name of James Baker, about 60 years of age, called at Chatain's livery stable in Alexandria and bired a horse and buggy, stating that he wished to go to Arlington, also giving the name of a prominent resident of Alexandria county he wished to call upon. The liveryman, unsuspicious of the man, hired him the turnout, and that was the last seen of both. When the man falled to return the proprietor of the stable concluded that his property had been stolen, and telegraphed to different points to get on his track, but without success. Last Tuesday Mr. Chatain came to this city and secured the services of the private detective firm of McDevitt & Flinder. They laid out their lines, and soon struck a trail which McDevitt followed to Elkton, Md., and there captured the man and the horse and buggy. The outfit was shipped to Alexandria, and the detective arrived here with his man last night and locked him up at the first precinct station house until this morning, when he will be taken to Alexandria. He is evidently an old-timer and professional horse thief. He fully answers the description of a man wanted at Coatesville, Pa., for stealing a horse there last December, and for whose apprehension a reward of \$50 was offered. The prisoner is very veticent, declining to say anything about himself or where he belongs. Messrs, McDevitt & Filinder sare to be congratulated for their quick and successful work.

FOREIGN MAIL SERVICE.

The Pacific Steamship Company Will Carry the South American Mails. Superintendent Bell, of the foreign mail ervice, has returned from New York, whither he went on business connected with the South American mails. While there, after a conference with the manager of the company, he entered into a contract with the Pacific Mail Steamship Company with the Pacific Mall Steamship Company to carry the malls from New York to Panama, Central and South America for the amount of the inland and sea postage. The same company will, also, at the same rates, carry the mail from San Francisco to ports on the Pacific ocean. The service is to begin on the lat of next September. Mr. Bell says the rates of compensation new accepted are the same as those rejected last year by the Pacific Mall Company.

Singing birds, hanging backets, and blooming flowers adorned the platform. The services were rendered doubly interesting by the presence of the 8. A. The preschers were permitted to become part of the audience, while the ladies came to the front. Miss Feltham, of Albany, N. Y., sister to Mrs. Fists, sang a beautiful solo. To-day dawned cool and delightful, and the cars and vehicles brought the usual crowd. At noon the woods presented the appearance of a large plenic, and, judging from the looks of the baskets, a large partion of the chickens in the neighborhood came to camp but not in a live state.

Notwithstanding the fatigue caused by attending the many interesting services yesterday, the early prayer meeting, under the direction of the presiding cider, was well attended.

At 10:30 Dr. Asbury Reiley, brother of the presiding elder, preached from the text found in Psalms xxxvii, 3-9. "Trust in the Lord, and do good, so shalt thou dwell in the land, and verily thou shalt be fed. Delight thyself also in the Lord, and He shall give thee the desires of thine heart. Commit thy way unto the Lord; trust also in him, and He shall bring it to pass; and He shall bring forth thy righteousness as the shall bring forth thy righteousness as the shall bring forth thy righteousness as the hight, and the judgment as the noonday. Rest in the Lord, and wait patiently for Him; fret not thyself because of him who prospereth in his way, because of the man who bringeth wicked devices to pass. Cease from suger, forsake wrath; fret not thyself in any wise to do evil." He preached a very able discourse.

Before 2 o'clock the tabernacie was filled with grown persons, as well as children, the rumor having been circulated that a christening would take place at that hour. Accordingly at the time appointed little R. William Mickle received the ordinance of baptism, Dr. Dashiell officiating. Prof. Gien Poole, who has become almost indispensable during the fillness of Mr. Wilson, conducted the service, and Dr. A. Reiley delivered an interesting address.

Ladies' meeting was conducted by Mrs. Burns in the tent at the same hour.

The announcement that Bishop Andrews would preach to day drew a congrecation almost equal to the crowd of last Sunday. He took for his text the parable found in the twenty-fifth chapter of Matthew. Those who heard him felt amply repaid for any sacrifice they made to attend this service.

The young people's prayer and praise service was held at the usual hour under the direction of Mrs. Reliey.

Dr. W. S. Edwards will again preach one of his eloquent and impressive sermons at 8 o'clock this evening.

Tomorrow will be temperance day.

All old laws, which have heretofore governed the order, have, by the adoption of the new code of laws, been abolished. This has been done for the best interests of the order. The work of the order has been greatly simplified by the action taken at this session, and doubtless there has been much real good accomplished.

During the last hours of the council the "secret work" of the order was taken up and some few changes made, after which the council at 5 p. m. adjourned to meet in this city on the third Tuesday in August, 1887. Past Sovereign Patriarch S. C. Mills has been a very prominent worker at the seasion just closed. The members of the sovereign council attended a very pleasant meeting of Hope Council, No. II, on Wednesday fight. They were well entertained, for which the sovereign council will participate in an excursion to Bay Ridge this morning, it being a part of the programme for their entertainment, after which the delegates will leave for their homes. Sovereign Patriarch C. F. Denison has been the guest of Mr. Wm. H. Young. Representative Charles Brown took charge of the visiting brothers yesterday evening after the adjournment and showed them about the city. Brother Harris, of Baltimore, is a good worker in the order in Maryland.

The gold imports were the principal factor in producing this result, although the rumors in regard to result, although the rumors in regard to the movement were much exaggerated. The result of the trunk line conference also had an influence for good, and London and Amsterdam are credited with renewed purchasing to-day. The market to-day had a higher range of values, accompanied by a much steadier tone in the dealings. Prices at the opening this morning showed advances over the closing figures of last evening ranging from to it is per cent. There were gains of slight fractions after the opening, but the market soon began to yield and continued heavy throughout the morning hours, but the general list was firm throughout the afternoon, the early lesses being regained, and the market closed firm to strong at the advance.

The final changes are invariably in favor of higher prices, although the more important advances were in the usually inactive stocks.

DRAWING THE LINE.

nial Beach.

The Olean Club, of the Independent Order of Red Men, gave an excursion to Colonial Beach yesterday on the regular trip of the steamer T. V. Arrowsmith. There was some danger of a disagreeable scene being enacted on board the steamer, scene being enected on board the steamer, which was averted by the non-observance of the rule which governs the landing of colored people at the beach. The laws of the District will not permit the officers of the riversteamers on their regular trips to refuse tickets for transportation to any one on account of color. The Virginia laws, however, empower the Colonial Beach Company to refuse any one to land they may deem objectionable. By the authority of these laws the landing of colored people, except when accompanying white excursionists as serwants, is prohibited. Colored people applying for tickets to the beach are informed that the ticket will be sold them, but that it will do them no good, as they cannot land, and in this way transportation for colored people is practically prohibited. Without a knowledge of these restrictions, the Olean Club sold tickets to about thirty colored people, who boarded the boat, as, he'dling tickets, they could not be refused admission. When the matter of their landing was considered it was decided by the officers of the beat that as the tickets had been sold in good faith they would ask the teach authorities to set aside the rule, which was done.
